PROXY STATEMENT DATED AUGUST 25, 1997

This Proxy Statement is furnished to the shareholders of Herman Miller, Inc. (the "Company"), in connection with the solicitation by the Board of Directors of proxies to be used at the Annual Meeting of Shareholders. This meeting will be held on Wednesday, October 1, 1997, at 4 p.m. (E.D.T.) at the Zeeland High School Performing Arts Center, 3333 - 96th Avenue, Zeeland, Michigan.

#### SOLICITATION OF PROXIES

Each shareholder, as an owner of the Company, is entitled to vote on matters scheduled to come before the Annual Meeting. The use of proxies allows a shareholder of the Company to be represented at the Annual Meeting if he or she is unable to attend the meeting in person. The proxy card accompanying this Proxy Statement is to be used for such purpose.

If the proxy card is properly executed and returned to the Company, the shares represented by the proxy will be voted at the Annual Meeting of Shareholders and at any adjournment of that meeting. Where shareholders specify a choice, the proxy will be voted as specified. If no choice is specified, the shares represented by the proxy will be voted for the election of all nominees named in the proxy and for the proposals described in this Proxy Statement.

A proxy may be revoked prior to its exercise by (1) delivering a written notice of revocation to the Secretary of the Company, (2) executing a proxy at a later date, or (3) attending the meeting and voting in person. However, attendance at the meeting does not automatically serve to revoke a proxy.

#### ELECTION OF DIRECTORS

The Board of Directors has nominated James R. Carreker, C. William Pollard, Ruth A. Reister, and Richard H. Ruch, for election to serve as members whose terms expire at the 2000 annual meeting. Each of the nominees previously has been elected as a director by the Company's shareholders, except for Mr. Carreker who was elected by the Board in January 1997. Dr. Charles Ray will retire at the annual meeting in accordance with the Company's bylaws requiring a director to retire at the annual meeting following his seventieth birthday. The Board of Directors has nominated Dorothy A. Terrell for election as a director for a one-year term to expire at the 1998 annual meeting, to fill the vacancy created by Dr. Ray's retirement.

The latter portion of this Proxy Statement contains more information about the nominees. Unless otherwise directed by a shareholder's proxy, the persons named as proxy voters in the accompanying proxy will vote for the nominees named above. If any of the nominees become unavailable, which is not anticipated, the Board of Directors, at its discretion, may designate substitute nominees, in which event the enclosed proxy will be voted for such substituted nominees. Proxies cannot be voted for a greater number of persons than the number of nominees named.

A plurality of the votes cast at the meeting is required to elect the nominees as directors of the Company. Accordingly, the four individuals who receive the largest number of votes cast at the meeting will be elected as directors. Shares not voted at the meeting, whether by abstention, broker nonvote, or otherwise, will not be treated as votes cast at the meeting. The Board of Directors recommends a vote FOR the election of all persons nominated by the Board.

## PROPOSED INCREASE IN AUTHORIZED COMMON STOCK

The Company's Board of Directors has proposed that the first paragraph of Article III of the Company's Articles of Incorporation (the "Articles") be amended to read as follows:

The total number of shares of all classes of stock which the Corporation shall have the authority to issue is one hundred thirty million (130,000,000) shares, of which one hundred twenty million (120,000,000) shares shall be common stock of the par value of \$.20 per share and ten million shares (10,000,000) shares shall be series preferred stock, without par value.

This amendment would increase the Company's authorized common stock from 60,000,000 shares to 120,000,000 shares of common stock, \$.20 par value. The purpose of the amendment is to provide additional shares of common stock for future issuance. As of August 4, 1997, there were 46,114,043 shares of common stock issued and outstanding and 3,279,068 shares of common stock reserved for issuance under the Company's Stock Compensation Plans and Employee Stock Purchase Plan. As a result, as of August 4, 1997, only 10,606,889 shares of common stock remain available for future issuance. The Company has no series preferred stock issued or outstanding and the proposed amendment to the Articles would not effect the 10,000,000 shares of presently authorized series preferred stock.

The Board of Directors believes it desirable to increase the authorized number of shares of common stock in order to provide the Company with adequate flexibility in corporate planning and strategies. The availability of additional common stock for issuance could be used in connection with a number of purposes, including corporate financing, future acquisitions, and other corporate purposes such as the issuance of stock dividends and stock options. There are currently no agreements or understandings regarding the issuance of any of the additional shares of common stock that would be available if this proposal is approved. Such additional authorized shares may be issued for such purposes and for such consideration as the Board of Directors may determine without further shareholder approval, unless such action is required by applicable law or the rules of any stock exchange on which the Company's securities may be listed.

The additional shares of Common Stock for which authorization is sought would be part of the existing class of common stock, and, to the extent issued, would have the same rights and privileges as the shares of common stock presently outstanding. Ownership of shares of the Company's common stock confers no preemptive rights.

The increase in the authorized but unissued shares of common stock which would result from adoption of the proposed amendment could have a potential anti-takeover effect with respect to the Company, although management is not presenting the proposal for that reason and does not presently anticipate using the increased authorized shares for such a purpose. The potential anti-takeover effect of the proposed amendment arises because it would enable the Company to issue additional shares of common stock up to the total authorized number with the effect that the shareholdings and related voting rights of then existing shareholders would be diluted to an extent proportionate to the number of additional shares issued.

The affirmative vote of the holders of a majority of the outstanding shares of common stock of the Company is required for approval of the proposed amendment. Unless otherwise directed by a shareholder's proxy, the persons named as proxy voters in the accompanying proxy will vote FOR the amendment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE PROPOSED AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK.

## RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has appointed Arthur Andersen LLP as independent public accountants for the Company for the fiscal year ending May 30, 1998. Representatives of Arthur Andersen LLP will be present at the annual meeting of shareholders and available to respond to appropriate questions. The Arthur Andersen LLP representatives will have the opportunity to make a statement if they so desire.

Although the submission of this matter for approval by shareholders is not legally required, the Board of Directors believes that such submission follows sound corporate business practice and is in the best interests of the shareholders. If the shareholders do not approve the selection of Arthur Andersen LLP, the selection of such firm as independent public accountants for the Company will be reconsidered by the Board of Directors.

The Board of Directors recommends a vote FOR the ratification of the appointment of Arthur Andersen LLP as the Company's independent public accountants.

## VOTING SECURITIES AND PRINCIPAL SHAREHOLDERS

On August 4, 1997, the Company had 46,114,043 shares of common stock issued and outstanding, par value \$.20 per share. Shareholders are entitled to one vote for each share of common stock registered in their names at the close of business on August 4, 1997, the record date fixed by the Board of Directors. Votes cast at the meeting and submitted by proxy will be tabulated by the Company's transfer agent. As of August 4, 1997, no person was known by management to be the beneficial owner of more than 5 percent of the Company's common stock.

The committee met two times during the last fiscal year.

**EXECUTIVE COMPENSATION COMMITTEE.** The Company has an Executive Compensation Committee, comprised of Messrs. William K. Brehm (chair), J. Harold Chandler, and E. David Crockett. #### COMPENSATION OF BOARD MEMBERS AND NON-EMPLOYEE OFFICERS

The Company pays directors' fees to nonemployee directors at the rate of \$32,500 per year, plus \$1,000 per regular meeting and \$1,500 per special meeting. Directors may elect to receive a share grant, having a market value equal to the cash retainer, up to 100% of the retainer. If a share grant is selected, the director will receive a cash stipend of 20% of the value of the shares granted. No other amounts are payable for service on committees of the Board or for any other assignments that may be undertaken by a director as a director.

In 1997, the Board established Director Stock Ownership Guidelines. These guidelines, like those of the management team, are intended to reinforce the importance of linking shareholder and director interests. Under these guidelines, each director is expected to reach a minimum level of share ownership which as a value equivalent to six (6) times the annual retainer fee of \$32,500 or a minimum total ownership valued at \$195,000.

Mr. Nelson became the Chairman of the Board on October 30, 1995. For the 12 month period ending October 1997, Mr. Nelson agreed to devote at least 80 percent of his business time to the Board of Directors for the payment of \$250,000 plus director fees, and an annual library allowance of \$1,500. In addition, he will receive an annual benefit package of \$10,000. Share grants of 10,000 shares at \$15.94 per share, and 5,000 shares at \$36.125 per share, were awarded to Mr. Nelson on July 9, 1996, and May 13, 1997, respectively, in recognition of his outstanding service to the Company.

The Company has in effect a stock option plan, approved and adopted by its shareholders, under which officers and directors who are not employees of the Company or its subsidiaries are granted options to purchase shares of the Company's common stock. Subject to certain exceptions, the options are not exercisable until 12 months after the date of grant and expire 10 years after the date of the grant. The option price is payable upon exercise in cash or, subject to certain limitations, in shares of the Company's common stock already owned by the optionee, or a combination of shares and cash.

During fiscal 1997, each director and officer of the Company who is not an employee was granted an option to purchase 3,000 shares of the Company's common stock at \$32.875, its fair market value on the date of grant. Under this plan, a total of 33,000 options were granted to all nonemployee directors and officers as a group, and 52,600 options were exercised at an average exercise price of \$11.06 per share during the past year.

#### EXECUTIVE COMPENSATION COMMITTEE REPORT

##### GENERAL

The Company has long recognized the importance of a well-founded executive compensation program and the role it plays in achieving the Company's short- and long-term objectives of promoting superior corporate performance, creating shareholder value, and maintaining fairness and relative equity in the compensation of and between its executives and all other employee-owners. The Executive Compensation Committee of the Board of Directors, which comprises three nonemployee directors, was established over 20 years ago to provide an ongoing review of the executive compensation program to ensure that it is structured and administered to support the Company's mission and strategy. The committee is responsible for recommendations to the full Board for several aspects of executive compensation, including the annual remuneration of the Company's Chief Executive Officer, which includes base salary, incentive pay, and equity-based compensation. In addition, the committee also establishes the performance objectives for the annual executive incentive plan which covers the Chief Executive Officer, corporate officers, vice presidents, and directors at each of the Company's business units. The Company's Chief Executive Officer establishes the base salary of the Company's other executive officers.

##### COMPENSATION PHILOSOPHY

The Company's compensation philosophy, as formulated by the Executive Compensation Committee and endorsed by the Board of Directors, is designed to engender and preserve a sense of fairness and equity among employees, shareholders, and customers. Consistent with this philosophy, an "Economic Value Added" (EVA(R)), (1) performance measurement and incentive compensation system has been created and implemented. This system, which is an internal measurement of operating and financial performance that has been shown by extensive independent market research to more closely correlate with shareholder value than any other performance measure.

Beginning in fiscal 1997, the incentive compensation plans of corporate officers, vice presidents, and directors at each of the Company's business units were linked to the EVA concept. Under the terms of the EVA plan, focus is shifted from budget performance to long-term continuous improvements in shareholder value. Each year, the EVA target is raised over the actual EVA earned the prior year by an improvement factor so that higher EVA targets must be attained in order to earn the same level of incentive pay. This improvement factor is established by the Board of Directors for a period of three years.

---

(1) EVA is a registered trademark of Stern Stewart & Co.

The Committee believes that the utilization of the EVA measurement system, with its focus on maximizing the Company's return on capital investments relative to its cost of capital, will be a more effective means of evaluating and rewarding management performance. The Committee believes the adoption of the EVA measurement system is consistent with its objective of endorsing an executive compensation program designed to:

- Link a material portion of annual compensation directly to operating performance.
- Promote achievement of long-term strategic goals and objectives.
- Align the interests of executives with the long-term interests of the shareholders.
- Attract, motivate, and retain executives of outstanding ability.

EXECUTIVE STOCK OWNERSHIP GUIDELINES. To further emphasize and reinforce the importance of linking shareholder and management interests, the Board has adopted stock ownership requirements for approximately 150 executives, including all officers. Under these guidelines, the CEO is expected to own shares of Herman Miller stock which have an aggregate value of at least twelve (12) times his base salary. The other executives are expected to own shares with an aggregate value of between one (1) and six (6) times their base salaries to be achieved over a five to ten year period. The level of ownership and attainment period is determined by the executive's responsibility level and corresponding management position within the Company. Ownership for the purposes of the guidelines is defined to include shares owned by the executives, as well as shares held in profit sharing, 401-k and deferred compensation accounts for his/her benefit. Stock options are not included in the calculation of an executive's total ownership.

To assist executives in attaining the required ownership levels, the Board and shareholders adopted the 1994 Key Executive Stock Purchase Assistance Plan. The plan authorizes the Board's Executive Compensation Committee to extend loans to selected executives to acquire shares of the Company's stock. The executives can earn repayment of a portion of the principal and interest due on these loans provided that certain corporate performance goals are attained.

During fiscal 1997, three individuals were selected to participate in the plan. Loans totaling \$1 million resulting in the acquisition of 45,000 shares were made. Currently, loans under this plan totaling \$2 million have been extended to 13 individuals. Based on the Company's performance as measured against its fiscal 1997 goals, 193 percent of the annual repayment of principal and 100 percent of interest due was earned.

In fiscal 1997 the Company also adopted a Key Executive Deferred Compensation Program whereby executives can elect to defer a portion of the EVA cash bonus and have it denominated in Company stock. For 1997 the Company also provided an incentive in the form of a premium denominated in Herman Miller common shares equal to 30 percent of the amount deferred up to a maximum of 50 percent of the cash bonus. Each year, the Committee may adjust the premium percentage and the maximum amount of the deferral that is subject to the premium. The Committee believes that this program provides an additional opportunity and incentive for the key executives to increase their ownership level in the Company. Fifteen (15) executives were elected to participate in this program for fiscal 1997 and deferred \$1,481,833, which was invested in Company stock and received a premium totaling \$395,333, which was also invested in Company stock.

In addition, stock options which may be granted under the 1994 Long-Term Incentive Plan may be utilized to assist executives in achieving their ownership requirements. Stock ownership is also made available to all the Company's employees through the Employee Stock Purchase Plan and various Employee Ownership and Profit Sharing Plans.

#### COMPANY PERFORMANCE AND EXECUTIVE COMPENSATION

The salaries of the Company's Chief Executive Officer and other executives are established on a performance-based evaluation system. Each executive officer's performance, except that of the Chief Executive Officer, is evaluated by his or her superior and reviewed by the Executive Compensation Committee. This review considers the employee's overall performance relative to the achievement of corporate objectives as well as individual contributions and achievements. This same evaluation system is applied to the Company's Chief Executive Officer by this committee.

In 1997, the Company's new EVA measurement system replaced the method for awarding both annual stock options and the formula for awarding cash incentive bonuses as defined by the fiscal 1996 Executive Compensation Plan.

As discussed earlier, the Herman Miller EVA Incentive Compensation Plan is intended to more closely link incentive awards to the creation of shareholder wealth and to promote a culture of performance and ownership. The Executive Compensation Committee approves an expected annual improvement in EVA for which a target bonus is paid for attaining performance which matches the annual planned improvement factor that has been established for a 3 year period by the Board of Directors. For the Company's Chief Executive Officer and other executives, the EVA plan is intended to motivate growth above the expected annual improvement in EVA with a straight line payoff profile offering a cash bonus award that has a unlimited upside potential, as well as unlimited downside potential. The potential for suffering a negative bonus is made possible because annual bonus awards are not fully paid out but instead are banked forward and put at risk with their full payout contingent upon continued successful performance.

In consideration of this risk profile the Executive Compensation Committee believes it inappropriate to cap the CEO's cash compensation as has been its past policy. Therefore, beginning in fiscal 1997 there will no longer be a cap imposed on the cash compensation of the company's Chief Executive Officer.

The Executive Compensation Committee also authorizes the grant of stock options to employees of the Company, including executive officers. Under the EVA plan, the committee initially approves a target option grant which is then multiplied by the same bonus multiple that is applied to the target cash bonus. However, executives are limited by an upside potential of two times the target option grant and on the downside by a zero grant.

During fiscal 1997 Mr. Michael A. Volkema, the Company's Chief Executive Officer, earned a base salary and cash bonus of \$352,900 and \$316,783 respectively, representing total cash compensation of \$669,683. This total excludes amounts deferred under the Key Executive Deferred Compensation Plan, under which Mr. Volkema elected to defer 50% of his EVA cash bonus denominated in Herman Miller common stock. Mr. Volkema received a premium also denominated in Herman Miller common stock equal to 1,856 shares which vests over a three year period.

In July 1997 Mr. Volkema was also awarded a stock option grant of 40,000 shares representing a multiple of two times his target options of 20,000. The committee believes that the significant ownership position created by these actions will more closely align Mr. Volkema's interests with those of the shareholders. The size of the equity based compensation awards and the cash compensation reflect the committee's evaluation and recognition of Mr. Volkema's contribution to the significant accomplishments and successes achieved by the Company in fiscal 1997.

- (1) Includes amounts deferred by employees pursuant to Section 401(k) of the Internal Revenue Code. Includes 52 weeks of compensation for 1997 and 1996, and 53 weeks for 1995, consistent with the Company's fiscal year.
- (2) Represents amounts earned under the Company's Earned Share Bonus Plan and Executive Incentive Plan, but excludes amounts foregone at the election of the Named Executives and payable in shares of the Company's common stock under the Key Executive Deferred Compensation Plan, as reported in the Long-Term Incentive Plan table.
- (3) The amount includes cost of living, foreign assignment, foreign exchange, spouse travel, and moving expenses.
- (4) Represents amounts earned under the Company's 1994 Key Executive Stock Purchase Assistance Plan and applied to the repayment of loans made thereunder.
- (5) Includes amounts attributable during fiscal 1997 to benefit plans of the Company as follows: (a) amounts contributed by the Company pursuant to the Company's profit sharing plan for the account of Messrs. Volkema, McGregor, Norman, Walker, and Miller were \$4,199; \$6,299; \$5,774; \$4,724; and \$6,299, respectively; and (b) payments by the Company in fiscal 1997 of premiums for life insurance for the benefit of Messrs. McGregor, and Miller were \$1,134 and \$2,088, respectively.
- (6) This amount represents the value of 60,000 and 40,000 shares of the Company's common stock (based on the closing price on the date of grant of \$13.25 and \$16.00 per share, respectively) granted to Mr. Volkema under the terms of two Incentive Share Grant Agreements. Mr. Volkema elected to use 28 percent of his grants to pay his federal taxes on these grants which resulted in his receipt (net of taxes) of 43,200 and 28,800 shares, respectively. The shares are subject to forfeiture provisions which lapse as the number of shares become vested each year over a five- or six-year period. The minimum annual rate of vesting is 10% of the total shares granted during the first five years following the date of grant, with the balance vesting at the end of the sixth year (fiscal 2001 and 2002, respectively). The rate of vesting may be accelerated if certain corporate performance goals are achieved, which would permit full vesting not earlier than fiscal 2000 and 2001, respectively. Dividends are payable on the restricted shares at the same rate as dividends on the Company's common stock. At May 31, 1997, the value of the 72,000 restricted shares held by Mr. Volkema based on the closing price of the Company's common stock on that date (\$35.75 per share) equaled \$2,574,000.

- (7) The amount represents the value of 19,048 shares of the Company's common stock (based on the closing price on the date of grant of \$10.50 per share) granted to Mr. Volkema under the terms of an Incentive Share Grant Agreement. Mr. Volkema elected to use 28 percent of his grant to pay his federal taxes on this grant which resulted in his receipt (net of taxes) of 13,714 shares. The shares are subject to the same forfeiture and vesting provisions described in footnote (6) above. Full vesting would occur not earlier than fiscal 2000 and not later than fiscal 2001. At May 31, 1997, the value of the 13,714 restricted shares held by Mr. Volkema, based on the closing price of the Company's common stock on that date (\$35.75 per share) equaled \$490,275.50.
- (8) The options reflected as being granted in fiscal 1997, were awarded in fiscal 1998 on July 8, 1997, but relate to fiscal 1997 performance.
- (9) The amount represents the value of 3,000 shares of the Company's common stock (based on the closing price on the date of grant of \$36.125) granted to Mr. McGregor, Mr. Norman and Mr. Walker under the terms of a Share Grant Agreement. All participants elected to use 45% of the grant to pay federal and state taxes on this grant which resulted in a net receipt of 1,650 shares to each participant. The shares are subject to the same provisions described in footnote (6) above. Full vesting would occur not earlier than fiscal 2002 and no later than fiscal 2003. At May 31, 1997, the value of each participant's 1,650 restricted shares based on the closing price of the Company's common stock on that date (\$35.75 per share) equaled \$58,987.50.
- (10) The amount represents the value of 1,200 shares of the Company's common stock (based on the closing price on the date of grant of \$10.84) granted to Mr. Walker under the terms of a Share Grant Agreement. The shares are subject to forfeiture provisions which lapse after a five year period, at which time the shares will vest 100%. Full vesting would occur at the end of fiscal 2000. At May 31, 1997, the value of the 1,200 restricted shares held by Mr. Walker based on the closing price of the Company's common stock on that date (\$35.75 per share) equaled \$42,900.

## LONG-TERM INCENTIVE PLANS-AWARDS IN LAST FISCAL YEAR

NAME	NUMBER OF SHARES, UNITS OR OTHER RIGHTS (#) (1)	PERFORMANCE OR OTHER PERIOD UNTIL MATURATION OR PAYOUT(2)
Michael A. Volkema	8,043	3 years

(1) Represents the number of units credited to an employee's account under the terms of the Company's Key Executive Deferred Compensation Plan (the "Plan"). Under the terms of the Plan, participants may elect to defer all or a portion of their EVA cash incentive. Deferred amounts are credited in stock units, based on the value of the Company's stock as of the end of the month in which the bonus would have been paid to the employee. Stock units are payable only in shares of the Company's common stock. Includes the following number of units credited to each of the Named Executives premium account, as described in footnote (2): Michael A. Volkema - 1,856; Andrew C. McGregor - 719; Christopher A. Norman - 644; Brian C. Walker - 684; and Gary S. Miller - 476.

- (2) Each year the Company's Executive Compensation Committee establishes the maximum percentage of EVA cash bonus that may be deferred, the maximum amount of EVA cash incentive which may be subject to a premium percentage, and the amount of the premium percentage. For fiscal 1997, the maximum percentage of EVA bonus that is subject to a premium percentage was 50%, and the premium percentage was established at 30%. Stock units credited to a participant's account due to the premium percentage are credited to a separate premium account, which vests at the rate of 33-1/3%, beginning on the first anniversary of the deferral, and each anniversary thereafter, provided that the participant is an employee of the Company. The plan allows for accelerated vesting in the event of a participant's death, disability, retirement or termination due to a change in control, as defined in the Company's Plan for Severance Compensation After Hostile Takeover, as amended and restated.

#### OTHER ARRANGEMENTS

The Company maintains a Salary Continuation Plan, which provides that an officer's base salary (as shown in the "Salary" column of the Summary Compensation Table) will be continued for twelve months after termination of the officer's employment. Under this plan, benefits terminate if the officer performs services for a competitor of the Company, and benefits are offset for any noncompetitor payments for services. No benefits are payable under the plan if an officer dies, retires, voluntarily terminates employment, or is terminated for malfeasance.
